Projects

Arabic-English Translator, *Code on GitHub* ⬈
Arabic-English Translator is a custom tool designed for **Internal company use**. It includes a unique algorithm for converting **English numbers** to **Arabic**, a feature not provided by major translation services (Google & MS Bing).

CRUD Operations Full-Stack Using Angular & SpringBoot, *Code on GitHub* ⬈
This is a **full-stack web application** built using Angular for the frontend, **Spring Boot** for the backend, and MySQL for database management.

Runs Tracker (jQuery), *Code on GitHub* ⬈
The Runs Tracker App is a simple and intuitive application designed to help you log and track your daily running activities.

Weather Wizard (API Based), *Code on GitHub* ⬈
This app provides accurate weather data for the current day and the next 8 days. Users can search for locations worldwide to get detailed **weather forecasts** with **HD Background** video depends on weather.

Pic Finder (React - API Based), *Code on GitHub* ⬈
Developed a 'Pic Finder' web application that enables users to search for images and view detailed information such as comments, likes, views, photographer credits, and download counts.

Scramble Words Game, *Code on GitHub* ⬈
Scramble Words is an engaging web-based game that challenges your word unscrambling skills! Presented with words in block capital letters, your goal is to guess the correct order and input the answer.

Jobs Listing Web Application (React), *Code on GitHub* ⬈
This is a Jobs Applications listing app built with **React, Vite, and Node.js**. The application allows users to perform **CRUD operations** such as adding, editing, reading, and deleting job listings.

Achievement

07/2024	**Certificate of Recognition from Associate Director** Received a Certificate of Recognition from the **Associate Director** for exceptional contributions to an internal data collection **web application**. **Developed** and demonstrated a **hard-coded interface replica (MEDS)** of the tool, **including test cases** and results, showcasing potential impact and effectiveness.

Certificates

- JAVA Core/DSA (Coding Ninjas) ⬈

- BootStrap (Great Learning) ⬈

- Morningstar ACE-IT ⬈

- Financial Accounting Foundations (LinkedIn Learning) ⬈

- Front End | Full Stack WEB Development (Coding Ninjas) ⬈

- MS SQL (4p Advisory Services) ⬈
